A spiritually based, person-to-person "5th track" of engagement used to enhance the existing political, diplomatic, military and economic tracks used to resolve conflicts.

## *Where We Work*

# *The Jesus Movement*

TRAC5 is empowering Messianic awakenings, inspired by Holy Spirit led dreams and visions, especially in 4 East African countries. We provide unique tools for discipleship in addition to training the key indigenous leaders.

## *Our Impact*

TRAC5's proven model has been tested and applied for over 20-years. It has helped to end 6 wars and a genocide; releasing over 50 hostages and/or imprisoned believers in difficult places like Iran, Afghanistan and Sudan! And we are just getting started.
