A PROVEN
SPIRITUAL
BLUEPRINT
FOR
PEACE

TRAC 5

Q: What Is "TRAC5"?

"Jesus-centric diplomacy"

A spiritually based, person-to-person "5th track" of engagement to enhance the existing (i) political, (ii) diplomatic, (iii) military and (iv) economic tracks used to resolve conflict, persecution and humanitarian crises

Our 501(c)(3) focuses on direct discipleship, peacemaking, persecution and other crisis response initiatives, both prevention and intervention. The Western world has created a spiritual void in politics and diplomacy, especially in the Middle East and Africa, where a deeply interpersonal spiritual/religious method of engagement is often paramount. Drawing from our public-sector experience, TRAC5, as an NGO, seeks to strategically fill this deeply interpersonal void with the fulfillment of what it means to be a disciple of Jesus, applied with the highest-level of political, business and religious leaders in the region.

FROM THE OFFICE OF THE PRESIDENT

Dear Friends,

In 2018, the World Food Program reported that conflict continues to be the primary cause of hunger and displacement. Two-thirds of their work is targeted in these conflict zones with a total budget representing \$7.3 billion annually.

Much is spent on responding to symptoms of these horrific human tragedies, yet, very little is spent towards preventative measures, addressing the causes of conflict, persecution and other related crises. TRAC5 seeks to address these root causes, especially those involving Muslims, Christians and Jews who are often associated with a majority of the underlying conflict.

In this regard, God has given us a unique calling and a strategy that has proven effective, so much so that we have dedicated our lives to continuing this work.

Shlama, Shalom, Salaam,

A handwritten signature in black ink that reads "Mark D. Siljander". The signature is written in a cursive, flowing style.

2018 VICTORY REPORT

RE: Pastor Andrew Brunson

For 19 months, TRAC5 quietly engaged three heads of state, working alongside Congressman Robert Aderholt's office, as well as other regional political, religious and business leaders to assist in Pastor Brunson's release. Andrew was thankful and graciously wrote a letter to President Trump. We are excited to follow what God has planned for Andrew in this new chapter.

Mission

To Activate The Message Of Jesus In Real-World Conflicts While Inspiring You To Do The Same.

Vision

To Scale The TRAC5 Model That Helps To Resolve Conflict, Secures Freedom For The Persecuted & Empowers Discipleship.

History

A 20+ Year Track-Record Impacting World Leaders, Stopping Wars, Freeing Hostages & Even Ending A Genocide!

THE TRAC5 BLUEPRINT

APPLIED IN:

DISCIPLESHIP & PEACEMAKING

TRAC5 applies a formalized blueprint for discipleship, drawn on decades of research and real-world experience. The two-prong approach begins with our "top-down" discipleship of nations and it translates into a Biblically-based model to resolve conflict, religious persecution and humanitarian crises with a 20+ year track-record established in places like: Iran, Pakistan, Sudan and the Central African Republic.

Second, our "bottom-up" discipleship and Christ-centered common ground research helps to empower Disciple-Making Movements and Kingdom-minded practitioners in-field around the world.

“

The (Darfur genocide) solution came from (TRAC5).

*Video Testimony From Sudan's Foreign Minister, Ali Karti

THE BLUEPRINT

QUANTIFIED PT. 1

MIND IMPACT:

Linguistics: Incorporating the Aramaic language of Jesus, in a comparative analysis with the kin-Semitic languages of Hebrew and Arabic. This study has revealed exciting new Christ-centered common ground that is paramount to all Muslims and Christians.

Neuroplasticity affirms what the Bible depicts, that the mind is not static, but dynamic, able to transform to a new way of thinking and living, consistent with what it means to be a disciple of Jesus. By sharing this new Christ-centered common ground, we found that it has proven effective and brings alive the process of being “transformed by the renewing of the mind.”

THE BLUEPRINT

QUANTIFIED PT. 2

HEART IMPACT:

Mathematics: Through trial and error and with careful Biblical analysis, we have quantified the consistent, “inputs and outputs” of Biblical love in practical terms (“Algorithm of Love”). This works in concert with our use of Semitic languages, which in and of itself has a way of touching the hearts of people.

Applied science and psychology: All of the above is wrapped in Acts 2:42 - i.e., breaking bread, praying, relationship building and study. This is a powerful process to multiply discipleship in a way that honors political, religious and business leaders in diverse cultures, opening a door to meaningful spiritual and personal relationships.

“

*...a **blueprint** for breaking this logjam of dissension that contributes to so much conflict today.*

Hon. James Baker III,
61st U.S. Secretary of State

Endorsement:

A Deadly Misunderstanding;
a book that chronicles the
foundational beginnings of
TRAC5.

BOARD CHAIRMAN UPDATE

David S. Hungerford, MD

In Memory: 1939-2019

Blessed are the peacemakers, for they will be called children of God.

~ Matthew 5:9

Orthopedic surgeon, inventor, and author, Dr. David Hungerford was a remarkable man. Though brilliant, he never bragged of the millions he helped around the world, now able to walk and function with little to no pain as a direct consequence of his ingenious inventions, his bestselling orthopedic books and his worldwide training of doctors using his surgical techniques. In retirement, he devoted enormous time, treasure and talents to providing medicines and health supplies to the suffering around the world. Yet David's gifting was not solely limited to medicine. He passionately believed in and worked toward peace and reconciliation. David's leadership helped immeasurably to develop ground-breaking research, publications, and real-world peace applications, affecting millions around the world. He served as Chairman to Bridges to Common Ground and TRAC5 for over nine years. David blended a sense of humor with the no-nonsense mentality of a skilled surgeon. Now in paradise, we will miss him greatly until we reunite again in the Kingdom to come.

OUR IMPACT

God Producing Tangible Results!

Religious Persecution: Over 50 political hostages and prisoners of faith set free.

Peacemaking: Protecting millions of lives by mitigating 6 conflicts in Africa.

Genocide: Millions more impacted by successfully stopping the Darfur genocide!

*Achieved through our discipleship: engaging hundreds of political, religious and business leaders around the world.

*But thank God who gives us the **victory** by our Lord
Yeshua The Messiah. - 1 Corinthians 15:57*

PROJECTS IN FOCUS

SOUTH SUDAN

Peter Biar Ajak

Peter, a Christian political prisoner, was one of the "lost boys," victim of Sudan's civil war. He was arrested in July of 2018 for his criticism of the government. With his "next generation" background and heart for peace, we believe his freedom is paramount to sustained peace in the region.

NIGERIA

Leah Sharibu & Conflict

Leah, a 15-year-old Christian schoolgirl held hostage by the terror group Boko Haram since February 2018. Also, Muslim/Christian conflict in the region is growing, leading to persecution and potentially, genocide. TRAC5 is working with our partners to stem this burgeoning crisis.

...WHAT IF?

LIBYA:

(1999-2002) - TRAC5 Engages Gaddafi's Regime

- **WHAT IF** TRAC5 was unsuccessful in engaging Libya towards a more peaceful path and rapprochement?
- **WHAT IF** Gaddafi continued to fund WMDs as an enemy of the West?

SUDAN:

(2000-2009) - TRAC5 Engages Bashir's Regime

- **WHAT IF** TRAC5 was unsuccessful in contributing to the deployment of UN peacekeepers in genocidal Darfur?
- **WHAT IF** the genocide, mass rapes and displacement continued?

Preventative medicine is often overlooked. In this case, what would have been the cost in human life, suffering and humanitarian expenditures if these crises were not stopped?

“

*After we transmitted the (TRAC5) message,
it was like God came down and really
opened up the situation to free the two
hostages!*

*Video Testimony From Anti-Balaka Militia Leaders
